

Maryland State Department of Education Factbook for 2012-13

http://www.marylandpublicschools.org/MSDE/divisions/bus_svcs/docs/Fact_Book_2012-2013.pdf

Please visit pages 44-45 to see **Maryland Pupil Transportation** for all Maryland Counties. The chart on pages 44-45 shows that AACPS has a less costly transportation operation than the larger neighboring Maryland counties. Specifically, Prince George's per pupil cost is 59.5% higher, Calvert is 25.1% higher, Montgomery is 16.3% higher, and Howard is 6.6% higher, notwithstanding their utilization of electronic routing and scheduling systems which is not shown in this chart.
